How to Make Money!

In this age of progress the only way to make money is to take advantage of the misfortunes of others and buy goods when people are forced to sell. The season is very backward, and many importers have suffered heavy losses on that account, and are willing to sell goods at any price rather than carry them over. The Palais Royal never loses an opportunity of investing in a bargain, and for the coming week we shall be able to offer better bargains in new and pretty goods than ever before. We wish ladies to bear in mind that the goods mentioned below are not old and shop-worn goods, but a fresh, new stock, purchased only last week, and placed on our counters at only a small advance on the cost. We believe in small profits and quick sales, and no lady who calls on us the coming week, and who appreciates a bargain, will go away empty handed.
